

The South African Embassy promotes the participation of Italian Institutions and business stakeholders at the Green Hydrogen Summit to take place from 28-30 November 2022 in Cape Town.

The Honorary Consul of South Africa in Milan, Mr Alessandro Moretti, will lead the business delegation with Andersen partners under the theme "Green Hydrogen – Research-Development-Building: Sustainable Bridge between South Africa and Italy"

The following institutions and business stakeholders will be participating:

**Mario Motta**

Scientific Coordinator, Hydrogen Joint Research Platform (JRP)  
Full Professor, Politecnico di Milano  
Research & Development

**Michele Ferrazzini**

CEO, Engineering Services for Energy (ESE)  
Engineering & Innovation

**Troy Travlos**

Business Development Manager, H2 Energy  
Technology & Production

The Consul of Italy in Cape Town, Mr Emanuele Pollio, will be participating in the Italian Section of the Summit.
